Taft Says Every Person Can Have Work at High Wages

Altoona, Pa., Sept. 25.—President Taft was the principal speaker yesterday at the celebration of the fiftieth anniversary of the meeting here of the loyal war governors who decided that Abraham Lincoln and his war policy should be upheld and his call for more troops should be met promptly with volunteers.

Through that meeting and those which followed the president, declared there entered into the soul of Lincoln the conviction that the country was behind him in his effort to end the war and to bring the south back into the union.

The fourteen loyal governors who supported Lincoln in the dark days of '62, the president called heroes, who did not advertise the deeds they were about to do, who made no use of "butts" and "ifs" but who said "we will see you through."

The president's speech dealt almost entirely with the conferences of the war governors but he reserved a sentence or two for prosperity talk.

The president left late today for Beverly. He expected Chairman Hilges of the national committee to board his private car at Harrisburg and make the journey north to help him discuss New England politics with the Republican leaders there.

"One hundred millions of people, ninety millions between the oceans and ten millions in our ocean dependencies constitute our population and today we are garnering crops that make possible the greatest prosperity that ever faced this country, and we are today where every man and every woman can have work, if they will, when wages are the highest and the individual happiness of every one averages higher than ever before."

"I dwell on that fact today because this is the fiftieth anniversary of a day as different in respect to the happiness of our people and of the prospect before them as day is from night."

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause when gray hairs appear. It is a sign that Nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later and the whole nature being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

Don't delay another minute. Start using Wyeth's Sage and Sulphur at once and see what a difference a few days' treatment will make in your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agent, A. R. McIntyre.

CITY LOOTED BY TROOPS

Chinese Soldiers Are Menace to the New Republic.

Pekin, Sept. 26.—The troops encamped outside the gates of Wu Chang, capital of the province of Hu-Pei, mutilated Tuesday night and attacked the city. The troops numbered several hundred and were composed of the most part of cavalry.

Two officers were executed for failing to divulge their knowledge of the movement.

It is believed the attacking party only intended to loot the city, but most of the towns in the interior have no defenders. The republican spirit apparently is not appreciated by the classes from which the soldiers are recruited.

The object of the present loan is ostensibly for the purpose of paying off and discharging this menacing army, which is very large, according to the lists submitted by the general.

The national assembly recently made an investigation and discovered that the generals, like the soldiers, were not free from the methods prevalent under the Manchus, but the government argues that it is cheaper to pay the demands of the military leaders than to fight.

The Chinese appear to be well pleased with the success of the new loan negotiations, the newspapers

having stirred up an agitation against the foreign control as proposed by the six-power group.

Little heed has been paid to the fact that contrary to the constitution this contract has not been submitted to the national assembly. According to inquiries recently instituted by the bankers representing the six powers the Salt Gabelle on which the loan is nominally secured, is now yielding greatly diminished returns because the various provinces are not remitting the proceeds to Peking.

It is believed that President Yuan Shi Kai prefers comparatively small loans because his personal authority is not yet sufficient to control, while a government organization for handling the money does not exist since the late government bank closed its doors. The depositors of this bank are taking their losses as a natural occurrence.

Pathetic conditions prevail throughout the country. Occasionally detachments of soldiers engage in looting and wanton destruction. Trade is greatly hampered and thousands of persons are dying from starvation who could be saved by the employment of a few foreign engineers.

The political situation, which is absorbing the Republican leaders, has curious and interesting phases. The Manchus recently gave a dinner in honor of Dr. Sun Yat Sen and toasted the republic. But the imperial guard lines the streets during Dr. Sun's visit, this being regarded as the safe course. The troops of the court, contrary to the abdication terms remain in the Forbidden City. President Yuan evidently desires their presence there.

TEDDY TALKS ABOUT BEARS

Roosevelt Drops Campaign For Day to Discuss Other Subjects

Memphis, Tenn., Sept. 26.—Ex-President Roosevelt dropped his campaign yesterday and talked deep-waterways and bear hunting instead. He spent most of the day in Little Rock, Ark., and came to Memphis last night.

It was a rainy, depressing day. Colonel Roosevelt was fatigued when he arrived here and went to his room.

There was no brief incursion into politics during the day. When he was on his way from Little Rock to Memphis the colonel went out on his platform to greet a small company that had gone in the rain to see him as he passed through. He talked to them for a moment.

"You ought to belong to the Progressive party," he said, "if for no other reason than because we are trying to abolish boss rule."

He said the Republican nomination had been taken by "cheat," and I say that I speak with scientific accuracy. I use the word in the most offensive meaning."

When Colonel Roosevelt reached Memphis a crowd was waiting for him at the station, but he hurried to his hotel and disappeared. The crowd followed into the lobby and cheered. After the cheering had continued five minutes General McDowell, commander of the United Confederate veterans of Tennessee told the crowd that Colonel Roosevelt needed rest and would not make a speech. The cheering went on the more loudly. After another five minutes, General McDowell appeared again. This time the crowd would not listen. Five minutes more and Colonel Roosevelt capitulated. He came out on the balcony, thanked the crowd and added:

"Now I want to act as town crier myself. If there are any of the crowd I want bear hunting here with I want to see them. I want them to come right up and talk about bears."

The bear hunters were there and Colonel Roosevelt sat up for another hour talking over his famous bear hunt in Tennessee when he was president.

WILL CONSTRUCT DOUBLE TRACK

The Utah Construction company was the lowest bidder and received the contract for the double track to be built between Kemmerer and Fossil, Wyo., and between McCammon and Renfro, Ida., a distance of nearly 22 miles.

The work will be done under the direction of Assistant General Manager Carl Stradley, who has charge of the engineering of the Oregon Short Line. At Pocatello, Ida., construction of eight miles of yard tracks will begin soon. A modern freight depot is another improvement which will be built there during the year, together with a coaling plant and an extension to the roundhouse.

GENERAL MEETING OF CITY TEACHERS

A general meeting of the Ogden teachers was held at the high school auditorium yesterday afternoon.

Miss Lucile Thurman, supervisor of physical culture in the local schools, talked on the Swedish system of physical training which is meeting with so much success in the schools here.

Prof. F. W. Reynolds of the University of Utah spoke of the university extension work to be given in Ogden this winter. The extension work will include four courses.

Prof. Reynolds will give a course in Shakespeare. Many Ogden people will take advantage of this course to familiarize themselves with the great playwright. Byron Cummings will have charge of the course in Greek and Roman history. Prof. E. M. Mar-

shall will give the English literature course and Maud May Babcock will have charge of the education class.

There will be a meeting at the High school tomorrow night and the classes will be organized. Any one who is interested may sign up for a course which will include the regular college work. The classes will be held once a week and all who enter will secure credit on the university record for a university degree. Teachers may secure their degree while continuing their work in the schools. The cost will consist of the \$10 registration fee of the university and transportation for each member, which will be about \$3 a week.

Superintendent John M. Mills announced that the teachers would meet one Saturday morning in each month from 8:30 to 12 o'clock. This meeting will take the place of the after-school meeting which has not proven satisfactory. These meetings will resemble teachers' institutes and there will be one lecture at each meeting, after which the supervisors will take charge.

BRYAN WILL BE IN THIS CITY TOMORROW

William Jennings Bryan will return to Ogden from the Pacific coast tomorrow and will speak at the Ogden theater. When his train arrives in Ogden at 5:35 o'clock tomorrow afternoon he will be met by a committee of prominent Democrats and conducted to the Ogden theater. His address will not be lengthy because he must speak in Brigham and Logan on the same night, and his train for Brigham will leave here at 6:45 o'clock.

Mr. Bryan met with great success in his western tour and no doubt the theater will be packed with listeners tomorrow afternoon.

"What do you do when your best girl expresses a wish?"

"Why, I pay the express charges, of course."
